Description:

Wonderful map of Texas, colored by counties, and showing the wide open expanses of Western Texas, prior to detailed exploration. A massive Young Territory still is shown in the Llano Estacado or Staked Plains. Presidio and El Paso Counties are also still very oversized. Several early roads and Wagon Routes are shown, along with railroads, rivers, lakes, forts, Indians and the U.S. Mail Route. An excellent and surprisingly scarce early map. HH Lloyd's Atlas of the United States was never issued as a separate Atlas. Its only appearance is as a supplement to County and State atlases published by Warner & Beers.
