Description:

Fine original vintage poster advertising Thai International's routes to Hong Kong.

The image shows a rickshaw being pulled in front of Victoria Harbor. This transposition of modernity and tradition is clearly the "experience" that the poster is trying to convey.

Thai International's color palette for the image is particularly interesting, evoking, a sort of psychedelic blacklight style not commonly used on these sorts of travel posters.

"The Experience" Thai International's Hong Kong

The poster was issued prior to 1977, as this was when the SAS shares of Thai International were bought out by the Thai government.
