#### Description:

Highly detailed map of California and Nevada, with insets of the Yosemite Valley, Sacramento and SF Bay Vicinity. One of the earliest atlas maps to include an inset map of Yosemite and a plan of Sacramento. Many interesting early details, including the Coulterville Trail, Mariposa Trail and several other trails through the Valley and on the upper walls, and numerous rivers, falls, elevations and small encampments. The inset of San Francisco shows streets, parks, wharfs, rail lines and other early features. The state survey of California is nearly complete. Orange, Imperial and Riverside Counties are still not present. The primary map is one of the most detailed CA & NV maps of the period and includes early topographical
