Description:

Highly detailed map of Haiti, the Eastern portion of Cuba, and the eastern part of the Bahamas. Among the Bahamas, the map shows Watlings, Conception, Long Island, Exuma and Little Exuma, Hog Cay, Atwoods Cay, the Crooked Isles, French Cays, Mariguana, Grand Inague, Petite Inague, Los Caycos, the Turks, Verde, Doubtful and other Islands. The coverage of Cuba extends from Punta de Mulas, Puerto de Banes and Puerto de Nipe on the north side and Punta de los Morillos, Puerto de Guantanamo and Puerto Escondido on the south side of the island and shows several roads the Las Cuchillas mountains in the interior. The coverage of Haiti is as detailed as any map of the period. From Vandermaelen's remarkable 6 volume atlas, which if combined as globe gores forms an immense globe. Vandermaelen accomplished the first atlas mapping of the world on a uniform scale. A bit of soiling, else a nice example.
