Description:

Spectacular map of Portugal, colored by regions and showing towns, fortified cities, rivers, mountains, islands, roads, etc. Includes a stunning large cartouche, with 4 coats of arms and many symbolic images, including an American Indian and a mermaid holding a sailing vessel aloft. Minor fold split, just enters printed image, but does not detract. Allard's maps are quite scarce. A rich full color example of this hard to find map. Tiny wormhole above the U in Regnorum is virtually invisible, except on close inspection. An excellent acquisition for collector's of maps of Portugal, the first example of this map that we have ever seen.
