#### Description:

Detailed double page map of the United States, with a large inset of the California Gold Regions. The main map is an excellent early territorial map of the West, with Oregon and Washington extending to the Rockies, Utah and New Mexico extending from California to the Rockies, a massive Missouri Territory (pre-dating Nebraska Territory), Oversized Minnesota (including Dakota) and misshapen Indian Territory in its tomahawk configuration and oversized Texas. Includes overland routes and explorer's notations, Indian Lands, Mountains, Rivers, Towns, Railroads, etc. The Northern boundary of the proposed Territory of Nebraska is shown. Nice detail in the gold regions of California. A bit of foxing, but generally a nice example
