Description:

Striking example of Fielding Lucas' rare map of North Carolina, which distinguished him as a top publisher of the era.

Lucas' maps are printed on a higher quality paper than contemporary maps by Carey & Lea and demonstrate a superior engraving quality and more attractive coloring style. The state is hand colored by counties, showing towns, rivers, roads, forts and other places of interest. Lucas' maps are highly desirable and increasingly scarce. Only a few of Lucas' state maps were issued in a double page format. A highly desirable map by this important early American publisher.

An essential map for North Carolina collectors.
