Description:

Nice early map of these two states, which until about 20 years early had comprised a single territory. The eastern part of Alabama is still the lands of the Creek and Cherokee Indians and a number of counties are still not present. The Northern half of Mississippi is dominated by oversized counties and Indian Lands. Includes early towns, counties, rivers and other points of interest. Princeton or N. Mexico appears in Washington Parish. Several Indian Villages located. A nice early map.
