Condition: VG
Size: 15 x 12.5 inches
Price: SOLD

Description:

Marvelous and highly detailed map from Morse's important Atlas of North America, the first cerographic atlas. Shows towns, roads, rivers, townships, etc. A bit soiled, but overall a nice example. An essential map for American Map collectors, illustrating an important change in the history of printed maps and the only truly American cartographic publishing innovation. Faint waterstain on left side of map, else a nice example.
